

In-Person Tuition Free Courses Cold Case Foundation and Bureau of Indian Affairs

Course Name:

Unmasking the Apex Predator / Understanding Suspect
Behavioral Analysis Interviews

Training Course Description:

Participants will learn how to enhance the efficacy of interviews and interrogations through the Suspect Behavioral Analysis Interview technique. By employing targeted questions, investigators can elicit responses that provide critical insights into the truthfulness of a suspect's statements.

In addition, attendees will delve into the intricate psychology of serial lust killers and other violent sex offenders. By examining the motivations and thought processes behind such heinous crimes, participants will gain valuable insights into the factors that contribute to deviant criminal behavior.
