

## In-Person Tuition Free Courses Cold Case Foundation and Bureau of Indian Affairs

### **Course Name:**

Unlocking Crime Scenes and Best Practices: Property Control and Evidence Handling

### **Training Course Description:**

"Unlocking Crime Scenes: Expert Training in Analysis and Reconstruction" and "Best Practices: Property Control and Evidence Handling" together form a comprehensive training program essential for forensic investigations. This initiative emphasizes the criticality of crime scene processing, analysis, and reconstruction. Participants will also gain a deep understanding of the protocols necessary for ensuring property and evidence security, integrity, and legal compliance within law enforcement.
