

Take Your Vehicle Search Skills To New Heights With Desert Snow's **APEX TRAP CLASS**

3-Day Advanced Concealment Workshop

Exposure to 25+ actual compartment vehicles (cars, vans, SUVs & pickups) which were utilized by contraband smugglers in every region of the United States (North, South, East & West).

Perfect for road officers, drug investigators, DEA, HSI, FBI, ATF, or any other law enforcement officer who comes into contact with motor vehicles.

Learn how to access electronically activated compartments, without destroying them.

The most advanced and comprehensive vehicle search workshop available in North America.

This course does not teach interdiction stops as Desert Snow has other courses for this. This class is all about vehicle searches and how to identify and access hidden compartments.

3 full days of hands-on training.

Class is placed into small groups to greatly enhance the learning environment.

*The class you asked for
is finally here!*
